

Toshiba 1.2 Cu.Ft. Countertop Microwave

TOSHIBA

Toshiba 1.2 Cu.Ft. Countertop Microwave

Sensor for easy cooking

This microwave oven features sensor function that takes the guesswork out from cooking. Built-in sensor constantly detects the humidity level of the food during cooking, then automatically adjusts time and temperature for optimal results.

Custom Defrost & 1 lb. Auto Defrost

Enjoy easy defrosting with custom defrost function. Just choose from custom defrost menu and input the weight of food, the microwave will do the rest. Or you can simply defrost 1lb. item and the microwave automatically adjusts the time and power.

Soften/Melt Function

Convenient to soften/melt certain foods such as butter, chocolate and cheese. 7 auto menus with weight/portion indication spare you all the guesswork.

Easy-to-clean Cavity

The easy-to-clean coating is featured with hard-wearing material, making it scratch and stain resistant. Just a few wipes with a damp cloth to clean the interior, maintenance has never been so simple.

Energy-saving Eco Mode

Minimizing 50%* standby power by turning on ECO mode. Save energy consumption and operating cost as well as protect our planet.
